The Forward O. P.

Along with most other desert dwellers I wish the weatherman would make up his mind. I start out in the cool of the morning with enough clothes on for crisp springtime and by noon I'm sweltering. Then about 3 p.m. I'm looking for a top coat. Or the women folks start out expecting a nice still day and get blown to pieces, sartorially that is, before they get home from shopping. But, it's better than other less fortunate parts of the country, at that.

It seemed right natural to have Sam Bailey calling 'em back of the plate at the softball games once more. And it was fun to see the teams in action after the winter lay off. In spite of lop-sided scores in the openers it promises to be a good season for everybody.

Surprise Announcement to Feature Open Chamber Meeting Friday

At the regular meeting of the Joshua Tree Chamber of Commerce on Friday of this week an announcement affecting the welfare of every citizen will be made, according to Vice president B. B. Wilds. The meeting will be open to all adults of the community. Director R. K. Fields will be in charge of the portion of the program dealing with this momentous development in the history of Joshua Tree. The meeting will open at 8 p.m. in the Community Hall.

Regular business to be conducted will be the report of the Grand National Turtle Race Sweepstakes, several projects of political importance and other matters. Because of a conflict with the Cubs ball game and another meeting in 29 Palms the directors meeting is scheduled for Wednesday instead of Tuesday night.

Regular meetings of the Chamber will be held throughout the summer months. Because of the salubrious climate in Joshua Tree it has never been necessary to change regular schedules for business or social affairs.

Van Tassels Improving Giant Rock Airport

George W. and J. D. Van Tassel, brothers from Los Angeles, who recently leased 640 acres at Giant Rock north of Joshua Tree are making extensive improvements at the historic spot. Already they have renovated the living quarters under the huge boulder and are planning to serve refreshments to visting flyers and car tourists.

B. L. Griggs of Yucca Valley and his crew are now drilling a water well near the Rock. The Van Tassels have erected direction signs on the road leading to their airport.

George has been connected with the aircraft industry for 20 years. He formerly worked with Douglas, Boeing and Hughes aircraft concerns. Jack has spent 10 years in similar work. The brothers plan to move their families here as soon as all living quarters are completed.

Rabies Control Succeeding

The value of the rabies vaccination ordinance in preventing animal rabies is now statistically evident, states the monthly report of the County Health Department. To date 8,298 dogs in the unincorporated areas of the county have been innoculated in health department clinics. The number of cases of rabies reported each month has decreased during this intensive vaccination program. In December, the month before the program was underway, 20 cases of rabies were reported. In January the first month of clinics, 6 cases of rabies were reported; in February, 4; and in March none.

Service School Exams In July

Congressman Harry R. Sheppard announces the preliminary Congressional Examinations for designation to the U. S. Military and Naval Academies for 1949 will be given on Monday, July 12, 1948. Boys interested in taking this competitive examination should write to Congressman Sheppard, 258 House Office Building, Washington 25, D. C. The applicant's letter must include his name in full, date of birth, and legal residence. The Congressman must submit to the Civil Service Commission not later than June 4, 1948, the total number to take the examination.

Cubs Tromped by Oilers 24 to 6

Experience told at Gilpin Field last Wednesday night when the Joshua Cubs, last year's champs, were snowed under in their initial league appearance by a smooth working Oilers team. The Cubs with only four of last season's regulars in the lineup were outclassed in the fielding department and lost by the lop-sided score of 24 runs to 6.

The pitching was good on both teams. Mann for the winners was touched for 9 hits, struck out 5 and walked 5. For the Cubs Marble gave up 12 hits, struck out 6 and walked 7.

At bat Miller had a perfect evening for the Cubs, walking twice and getting two singles in his two other appearances at the plate. He reminded the fans of Rocky Thomas of last year's team. With more playing experience Miller should be a whiz. Mercatoris doubled twice, Humphreville got two singles, Ojala and Leyhe each got a two bagger and Garry hit a single.

Buck, who replaced Powell at 1st in the 3rd inning for the Oilers, hit the only round tripper of the evening. It was worth $4. Cullens was consistent with 3 doubles, Healy and Mann each had a single and double.

The Oilers committed 4 obvious errors and the Cubs made 11 bobbles. Cub shortstop Leyhe pulled a fast double play unassisted and made a perfect throw to the plate to nip Buck racing from third.

With more fielding and hitting experience he Cubs will have a good working organization. All the players show a swell spirit and a willingness to play hard. Their next game will be played at the 29 Palms field on Tuesday night against the Kenney Drug team.

A good turnout of ball hungry fans filled the bleachers.

The Joshua Cubs' lineup for the first game was Carl Miller of Yucca Valley, 2nd base; Paul Mercatoris of Yucca Valley, 1st and 3rd base; Frank Leyhe, Joshua Tree, shortstop; Bob Garry, Joshua Tree, centerfield; Tom Humphreville, Yucca Valley, left field and 1st base; Gus Ojala, Joshua Tree, catcher; Bill Bethel, Yucca Valley, 3rd base and left field; Dick Harmon, Yucca Valley, right field; Joe Arch, Joshua Tree, right field; and Fred Marble, Joshua Tree, pitcher.

Score by innings:

									R	H	E
Oilers	1	0	9	6	2	5	1		24	12	4
Cubs	1	0	2	0	2	1	0		6	9	11

Desert Hot Springs Theatre in Gala Opening

With appropriate fanfare the Desert Hot Springs Theatre will give its first performance on Friday night, May 14th. Owned and actively managed by Mr. and Mrs. Harry L. Plymire of Palm Springs the theatre is the first enterprise of its kind in the little city of mineral springs.

The new theatre auditorium is the central structure in an attractive modern group in which are included five shops forming an arcade on each side of the entrance. In the plaza before the ticket booth are tall palm trees. The entrance foyer is flooded with artistic Spanish tiles. Off the lobby are the rest rooms and managers offices. The auditorium contains comfortably upholstered seats for 300 with two rows of loges in the back. On each side of the large stage are luxurious drapes. Modern cooling and circulating systems have been installed for the comfort of patrons.

Joshua Tree home building showed an increase of $11,263 over the preceding month according to figures released by Jeff Davis, deputy county building inspector for this desert area. The entire area including 29 Palms, Yucca Valley, Morongo Valley and Pioneertown as well as Joshua Tree showed an increase of $9,621 for April. Lowly Philosophy

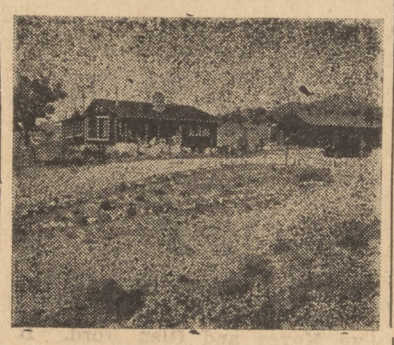
By JUNE LeMERT PAXTON



THE JOSHUAS

Did you ever search for something that you were sure you knew just where you had placed it and yet you failed, for a time, to find it? This morning while trying to do some spring house-cleaning, I wanted to put a slip-cover on a metal porch-chair; I was sure that I knew just where I had tucked it away last fall. But the cover was not where I thought it was; and the search began. I would look for it, — give up. — go back to my work, — then go over the whole procedure again! Finally, I began to feel like the proverbial squirrel in a cage!

By noon I was tired and hungry and decided to give up the search. It would be no calamity if I never found that old seat-cover! Putting some food on a tray, I went out on the porch to eat my lunch and relax. Very soon something — perhaps it was my subconscious mind that never forgets — told me to look under the pad on the porch swing. And there was that cover!

You have all had similar experiences. Is it not true that the Great Subconscious Mind can, and will, do wonders for one if he will just let go, and let God?

Church Corner

In honor of all Mothers. Dr. David C. Williams preached a most inspiring sermon last Sunday at the Community Chapel. His subject was "Mothers of the Bible." He read from the 2nd Chapter of Genesis.

A duet, "Tell Mother I'll Be There," was sung by Mrs. Edythe Fraetis and Mrs. Antoinette Kirch.

We are always glad to welcome visitors to our Sunday morning service.
